Don't Let Body Acne Ruin Summer Fun... Clear Up That Body Acne!

Summer isn't fun for those who struggle with body acne. Swimsuits and revealing summer clothing make embarrassing body acne more visible. Conspicuous breakouts on the back, chest and shoulders can make anyone hesitant to wear warm weather fashions.

Clarisea's solutions for the body work best together as a system, but also work well on their own and as a complement to other products. The body collection includes:

Clarisea Clarifying Salt Treatment Face + Body Soak: (\$28.00 / 80 oz; \$18.00 / 38oz): Clarisea's special blend of salts work to naturally combat breakouts, flush out impurities and tone and soften skin.

Clarisea Exfoliating Scrub (\$14): This gentle exfoliating body wash contains 1% salicylic acid to help control and target breakouts on the chest, back, shoulders and arms. Vitamin E millicapsules deeply exfoliate to slough away problem-causing dead skin cells and impurities while macadamia seed and sunflower seed oils moisturize and soften skin.

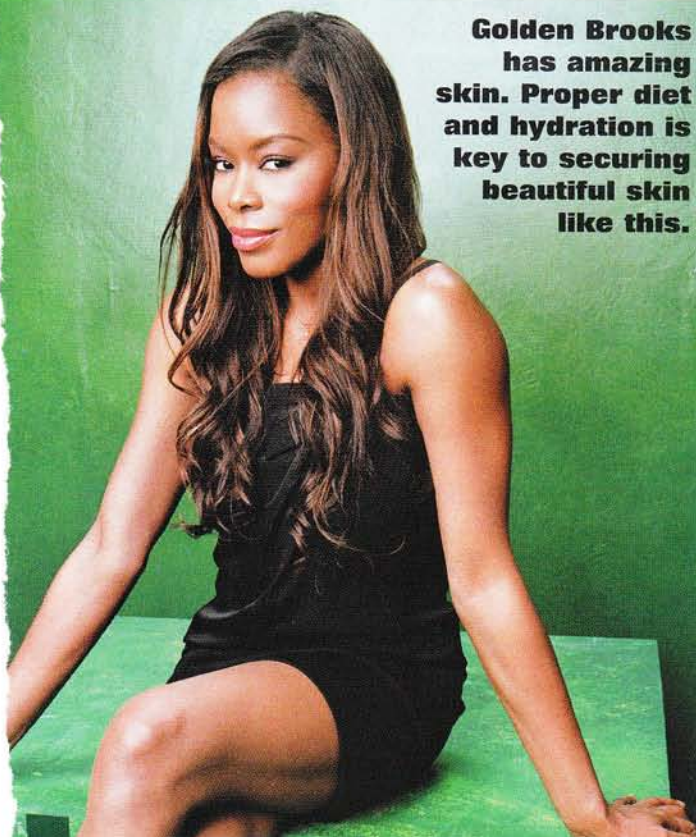

Clarisea Salt Scrub (\$26): The ultimate "bacne" and body breakout banisher! This powerful non-greasy treatment scrub sloughs away dead skin cells and combats acne-causing bacteria with Clarisea's unique sea salt blend and purifying fucus vesiculosus (seaweed extract).

Clarisea products are suitable for all skin types and have been designed to work effectively on their own or as a system, and can also work as a supplement to

Golden Brooks has amazing skin. Proper diet and hydration is key to securing beautiful skin like this.

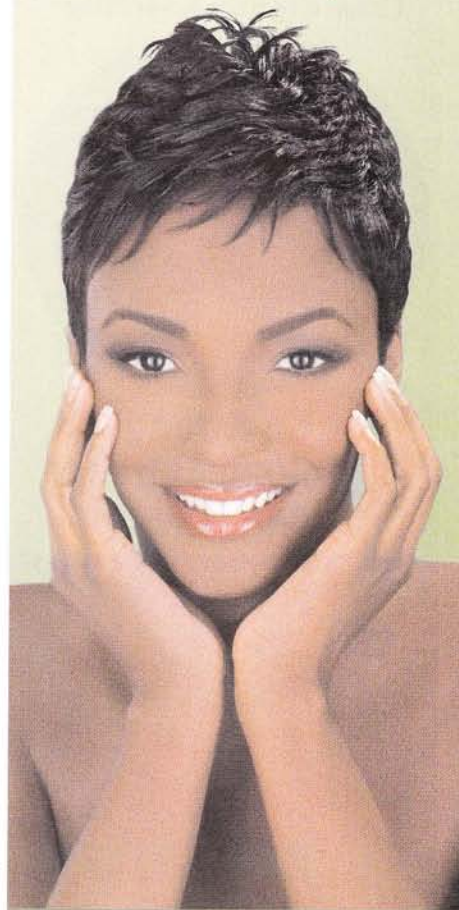

any existing skin-care routine. The products are formulated without the use of parabens, fragrances, dyes or harsh chemicals.

All Clarisea products are available at clarisea.com.
